

Refining the Future of Food Safety

Evaluation & Exploitation Workshop

Context

Explore the HOLiFOOD dashboard, a set of tools for early risk detection in food safety.

Join developers, researchers, and practitioners in an interactive workshop to test the tools and share feedback. Your input will help ensure that the dashboard meets users' needs and remains usable, relevant, and sustainable beyond the duration of the HOLiFOOD project.

When

June 9, 2026

14:00 – 18:00 CET

Where
